IT'S ABOUT QUALITY

While holiday shopping don't hesitate to check out what a fine gift a piece of furniture might be. @Home has a variety of cheval mirrors with or

without sliding jewelry compartments. We also carry free standing and wall hanging versions too. A cheval mirror tells your sweetheart she is beautiful to look at. We also carry many other jewelry boxes. You can't go wrong with a purchase of one.

When furnishing a home, there can be an overwhelming urge to rush out to the nearest chain store and blow your budget outfitting the entire place. Resist that temptation. As difficult as it may be, pace yourself. Spending more time to search out better quality items now, will pay off later. Instead of using your budget on items that will fall apart, invest in

quality items that you can use for many years to come. We work with you to make sure you get the quality and personalization that ensures your home will be both beautiful and timeless.

We have the largest selection of bench built furniture in Rochester. Here @Home custom orders are the norm, rather than the exception. So our customers are likely to have questions such as...."Can we get it in a different color?" "Can this be ordered in a different type of wood?" "We like this, but is there any way to get it taller, wider, deeper and etc.?" The answer to all those questions is a simple yes.

The next time you are strolling downtown to take in the Christmas lights, the giant gingerbread house, or walking off a great meal please come in to enjoy the smell of fresh cut lumber; see our unique designs and feel the silky smooth finish that we are so well known to deliver.
